Testing will be the week of September 18th-22nd. Please make sure your child gets plenty of rest that week and is in school each day to complete their testing. Please avoid making any dental/doctor appointments for that week.

Child Custody

OLV requires that the custodial parent file the most recent court-certified copy of the custody section of the divorce decree or a court-certified copy of the custody decree with the school. If no such copy is on file, school officials will presume that both parents have custodial rights. School officials will make all reasonable efforts to ensure that children are released only to the appropriate parent at the appropriate time according to the court-mandated custody arrangements. **However, parents must accept the primary responsibility for such arrangements and should instruct their children as to which parent should have physical custody of them on any given day.**

Medical Information

If your child has a medical condition or requires special medicine, like an epipen, inhaler, etc., please contact the office ASAP if you have not already done so. Students should not have medicines with them unless the teachers and the office are aware of their condition.
