

***Our Lady of Victory Catholic School***  
***Educating Hearts, Minds, and Souls for Eternity***

March 17, 2020

Our Lady of Victory Families,

The OLV administration has been collaboratively working with the Office of Catholic Schools and leaders and experts of the Victoria Emergency Management system regarding COVID-19. At this time, **we will be extending spring break through the week of March 23-27th.** **Aftercare services and the early childhood center will also close for the week of March 23-27th.** During this extra week, faculty and administration will be carefully planning alternative learning options. We will be carefully monitoring the situation throughout this time period using our local resources, the CDC, and the Office of Catholic Schools. OLV will be communicating updates throughout the next two weeks via email, our webpage, and through social media.

The safety of our children, faculty, and OLV families remains our top priority. OLV began its deep professional cleaning of campus this week to further protect our children. Once back in session, we will continue diligent practices to secure a safe and healthy environment. **Your child's education, faith formation, and whole development remains one of our top priorities.** We will strive to effectively serve your family during this challenging time. Families who anticipate difficulty accessing the internet or a computer should contact [office@ourladyvictory.org](mailto:office@ourladyvictory.org).

OLV still encourages rest, prayer, and safe practices during the next two weeks with the anticipation for **learning to resume as of March 30th.** We ask parents and students to focus on continuing to build healthy relationships, prayer, and our OLV mission during this challenging time. One thing we can take away from this situation is the value of life and the importance of constant formation of faith and family.

God Bless,  
Justin Matias  
Principal
